

# Getting started with the OverDrive app

# Getting started with the OverDrive app

You can use the free OverDrive app to borrow and enjoy digital titles from your library.

**NOTE:** The OverDrive app is available for Android™, Chromebook™, iOS® (iPhone/iPad/iPod touch), Kindle Fire® tablets, NOOK® tablets, and Windows® 8 and up. If you have an Android, iOS, or Windows 10 device, you can also try Libby, OverDrive's new one-tap reading app.

## Step 1

Install the OverDrive app from your device's app store or from [app.overdrive.com](http://app.overdrive.com).

## Step 2

If prompted, sign into the OverDrive app.

**NOTE:** To determine which app sign-in option is best for you, especially if you're under 13, visit [help.overdrive.com](http://help.overdrive.com).

## Step 3

Find and save your library's digital collection in the OverDrive app.

## Step 4

Open your library's OverDrive collection, sign in, and borrow a title. You'll need a valid library card to complete this step.

## Step 5

Borrowed titles will appear on your **Loans** page in your library's digital collection. From here, you can:

- Download titles to your bookshelf in the OverDrive app

**NOTE:** Some eBooks, like read-alongs, can only be read in your web browser. For these titles, tap **Read now in browser** to be taken out of the app and into your web browser to read it.

- Send Kindle Books (U.S. only) to your Kindle device or Kindle reading app

**NOTE:** Digital formats and titles vary by library, and some enjoyment options may not be available for every title or in every version of the app.
