RE: Letter of Support and Commitment for East San Gabriel Valley Sustainable Multimodal Improvements for FY 2023 Federal Appropriations Funding Request

Dear Senators Feinstein and Padilla and Congresswomen Chu, Napolitano, and Torres,

I am writing to express the City of Glendora's commitment and support for the East San Gabriel Valley Sustainable Multimodal Improvements Project. The Project is a unique opportunity for collaboration to build-out sustainable transportation network in the San Gabriel Valley.

The Project envisions a viable active transportation network spanning from Azusa and Covina to Claremont, including bicycle and pedestrian facilities throughout and near Arrow Highway and the Metro L (Gold) Line. Providing efficient and safe transportation options for families, commuters, and individuals of all abilities to access recreation, services, and other major destinations is critical for the region to meet its environmental, mobility, and social goals.

The City of Glendora is excited to partner with the San Gabriel Valley Council of Governments (SGVCOG) and neighboring cities to deliver this transformative project. The Project is a high priority given that it implements several regional plans including the Arrow Highway Multimodal Corridor Plan, the San Gabriel Valley Greenways Plan, and the Metro First/Last Mile Plan.

We are pleased to commit to support and deliver this project alongside the SGVCOG and we sincerely urge you to provide favorable consideration of this funding request. Thank you for your time and please do not hesitate to contact Steven Mateer, Transportation Manager at (626) 852-4846 if you have any questions.

Sincerely,

CITY OF GLENDORA
