## **Project 1: St. Vladimir, Cossack and Lawford - west of Valley Center**

Pre-Construction      June 2022 – September 2022

Street paving was done after water main replacement. Prior to placing the Rubberized Asphalt, 2” grinding was done. Damaged cross gutter, sidewalk, curb and gutters were replaced. Cracks were sealed. Pavement was swept to remove any loose particles.

## During Construction

All American Asphalt was the paving contractor. Paving operation was done in September – October 2022. 2” pavement was grind at St. Vladimir, Lawford and Cossack. Water patches at Valley Center were also prepared for repaving.

## **Project 3: Amelia Avenue, part of Country Club, Country Club Vista and Wildwood Ranch Road**

Only Amelia Avenue is paved. Country Club and Country Club Vista not yet paved. The delay in paving is due to pipe material procurement for the water main replacement. Street paving will be done after completion of water main replacement project. Estimated paving will be in April-May 2024.

### Pre-Construction

Prior to placing the Rubberized Asphalt, 2" – 3" grinding was done. Damaged cross gutter, sidewalk, curb and gutters were replaced. Cracks were sealed. The pavement was swept to remove any loose particles. New bike markings are installed.
